SUMMER/FALL 2012

Progress and Hope Build the Foundation of CHC's New Riverfront Home

CONTENTS

SUMMER 2012

A NOTE FROM WITHIN

COLLABORATION. TIMING. PATIENCE.

It's been said it takes a village to raise a child. In this vein, we recognize it takes a community of supporters to bring the vision of the new Center for Hospice Care campus into reality. Though plans for a campus had been in the works for years, it wasn't until a meeting in September 2009 at Mishawaka City Hall that the focus of our quest turned exclusively to Mishawaka. At the center of our eight-county service area, we knew Mishawaka made great sense geographically for a consolidation of the offices in which we'd been leasing space for many years. During that initial meeting, several sites were pitched by then-Mayor Jeff Rea and City Planner Ken Prince. Their approach was warm, welcoming and highly collaborative. By the end of the meeting, we knew we were home.

With tremendous assistance from city officials and incoming Center for Hospice Care board chairman, Corey Cressy of Grubb & Ellis|Cressy & Everett, we spent much of 2009 and 2010 visiting the potential sites, eventually narrowing the field to four. While the site ultimately selected was the most picturesque, it was also the most complicated. Picturesque because of its more than 1,000 feet of St. Joseph River frontage, perched above the waterfall and adjacent to Central Park. Complicated because it involved acquiring 18 parcels from seven different owners – and none of the parcels were for sale!

Fast forward to September 2012. With wise counsel from our board of directors; strong community support; some very fair and willing Sellers; much assistance from our architects, engineers, designers; a highly cooperative group of Mishawaka city officials; and a fair amount of divine intervention, the vision is becoming a reality. With all the real estate closings complete, governmental approvals in place and Phase I funding secured, we are ready to break ground.

We are blessed with a highly engaged design team who've been hard at work to create a **Classic Contemporary** masterpiece. They have listened closely and translated our vision in ways that make sense financially, aesthetically and functionally. This creative team includes some of the top architects, engineers and designers in the region, including:

- Architecture: Helman Sechrist Architecture
- Construction: DJ Construction
- Engineering & Landscape Design: Wightman Petrie
- Interior Design: Office Interiors

As a facilitator and conduit between our ever-supportive foundation board of directors, so ably led for the past four years by Catherine Hiler, the creative design team, former property owners and many officials within the City of Mishawaka, I've been privileged to witness what can happen when a group of committed people share a clear vision of what can be accomplished to care for those in need. We are indeed fortunate to have them in our corner.

We expect the first phase of the new campus to be complete in summer 2013. As you'll read in this issue's cover story, the first two buildings being constructed are the Life Transition Center and Administrative Office buildings, functions both currently housed in leased facilities in Mishawaka. Renovations will also be complete on two existing buildings: a home that will become a guesthouse to visiting physicians, interns and other CHC guests; and the former Edgewater Florist building, which will house our palliative care center being relocated from leased office space in Edison Lakes.

The vision doesn't end there, though. Phase II of the campus master plan includes new buildings to house our patient care teams and a new Hospice House. Planning for this critical phase will begin next year, with an eye toward commencing construction once funding commitments are secured. Construction of these additional facilities is essential as we prepare for the significant increase in the need for hospice and palliative care services that experts project will continue to rise annually during the next 20 to 30 years.

While the journey has only just begun, we look forward to being better positioned to serve those with life-limiting illnesses, as well as those of their loved ones, from our new campus. We are truly grateful for the continued support of a very giving community that makes it possible for us to continue to improve the quality of living of those for whom we care.

STORIES AND ACTIVITIES FROM THE PAST QUARTER

Elkhart Campus Garden of Remembrance and Renewal Dedication

On June 7th Hospice Foundation hosted a Garden of Remembrance and Renewal Dedication for the Elkhart Campus. A beautiful June evening was the backdrop for an enjoyable and touching event.

The dedication ceremony marked an opportunity for Center for Hospice Care supporters to tour the newly finished garden area. The completion of the Garden of Remembrance and Renewal was made possible by many generous donors who honored their loved ones with a number of features in the garden. Those include an arbor fountain, flowering trees, boulders, benches and bricks inlaid into the garden path.

In all nearly 150 people attended the dedication ceremony and reception. Attendees were able to mingle under a tent or the shade of a tree, or enjoy the wonderful sunshine of the summer-like day. Many people took advantage of the time before

the dedication to walk around the Garden of Remembrance and Renewal, some just taking in the beautifully landscaped area, others viewing the outdoor features they donated in honor of a loved one for the first time.

The brief dedication ceremony honored the memory of patients who had been cared for at the Elkhart Hospice House. Mike Wargo, COO of Hospice Foundation, delivered a welcome, followed by an invocation by Marge Braden, a Spiritual Care Counselor for Center for Hospice Care. Brief comments from Mark Murray, President/CEO of Center for Hospice Care, and Terry Rodino, Chair of the Center for Hospice Care Board of Directors, followed. The ceremony concluded with a memorial presented by Greg Suderman, a Bereavement Counselor for Center for Hospice Care.

Hospice Foundation's *Okuyamba* Receives Inaugural Morfogen "Art of Caring" Award

Okuyamba, an award-winning short documentary produced by Hospice Foundation about palliative care in Uganda, was recently honored by the National Hospice Foundation (NHF) with the first Morfogen "Art of Caring" Award. The award acknowledges the individuals or organizations who have used the arts as a means to inspire and increase awareness of end-of-life care and whose central focus of their art is related to end-of-life issues.

The award was presented at the eighth annual NHF Gala, held in conjunction with the National Hospice and Palliative Care Organization's (NHFPCO) Management and Leadership Conference. Zachary Morfogen, the award's namesake and founding chair of NHFPCO and NHF presented the award.

The film, directed by Mike Wargo and Notre Dame Department of Film, Television, and Theatre faculty member Ted Mandell, follows the work of Rose Kiwanuka, Uganda's first palliative care nurse. Kiwanuka and other palliative care professionals are shown journeying through rural Uganda to provide care for dying patients with limited access to healthcare. Also featured in the film is Dr. Anne Merriman, the founder of the African palliative care movement and Dr. Faith Mwangi-Powell, former director of the African Palliative Care Association.

Palliative care offers pain management and symptom control for people facing life-limiting illnesses, such as AIDS and cancer. While HIV prevention and rising cancer rates in Africa have rightfully received a great deal of attention, the need for palliative care for

those already coping with these diseases is critical due to extremely low accessibility to curative health care options. The film offers a glimpse into the lives of those receiving palliative care and their caregivers, who are often their young children.

A number of partnerships were involved in the making of the film. The Hospice Foundation, along with Center for Hospice Care, has partnered with PCAU since 2008 to support its initiatives to

promote palliative care provision and the education of palliative care professionals to serve the country's population of more than 33 million people. Uganda, where life expectancy is 52 and the median age is 15, was the first country in the world to authorize these specially trained nurses and clinical officers to prescribe morphine. To date, 120 prescribers have been trained through Hospice Africa Uganda via a year-long clinical palliative care program.

The inaugural Morfogen "Art of Caring Award" is presented to Hospice Foundation for *Okuyamba*. Pictured from left to right are: Zachary Morfogen, founder of National Hospice Foundation and for whom the award was named; NHF Executive Director John Mastrojohn; Country Director of Palliative Care Association of Uganda Rose Kiwanuka, who is featured in *Okuyamba*; and Hospice Foundation COO and producer of *Okuyamba*, Mike Wargo.

A Star-Studded Tribute

Helping Hands Award Dinner 2012 Exceeds Goal

The 28th Annual Helping Hands Award dinner, held at Hilton Garden Inn on May 2nd and attended by 540 people, became the second highest grossing event in our history. Thanks to the generous support of a very giving community, the dinner raised \$264,950. This brings the total amount of funds raised in the event's 28 years to \$2,774,808. Proceeds from the event provide financial assistance to support Center for Hospice Care's ongoing mission to provide skilled, compassionate care to those facing life-limiting illnesses, regardless of their ability to pay. This year's dinner, chaired by Carmi and Chris Murphy, was a tribute to

the late Mary Osmanski Ferlic's passion, charisma and charm. It was an evening that included top hats, tails, evening gowns, glitter, red carpets, Marilyn Monroe and Michael Jackson impersonators, champagne and roses... a fitting remembrance of the woman who loved the glitz and glamour of Hollywood. During her life, Mary filled many starring roles – delightful entertainer, competitive athlete, motivational educator, loyal friend – with irrepressible exuberance. Mark Murray, President/CEO of CHC and Hospice Foundation, said "We are extremely grateful to our sponsors, dinner committee, and particularly our event chairs, Carmi and Chris

Helping Hands Award Dinner

Murphy, for their leadership and vision. This event will go down on record as one of our most successful, most memorable dinners ever. It was a fitting tribute to a woman who gave so much to the community in so many ways.”

Two of Mary’s three children, Beth and Gavin Ferlic, accepted the award in her honor and ended the evening with a touching acoustic version of The Supremes’ “I Hear a Symphony.”

We are especially grateful to Mary for helping bring what became Center for Hospice Care to our community, even organizing one of our most memorable and successful fundraisers, a 1985 gala “re-premiere” of the 1940 film, “Knut Rockne, All-American.”

A LOOK BACK

2011 Annual Report

Thanks to the continued support of the communities of St. Joseph, Marshall, Elkhart, Fulton, Starke, LaPorte, Kosciusko and LaGrange Counties, 2011 was another successful year for your local not-for-profit hospice and palliative care agency. Center for Hospice Care (CHC) served 1,845 patients and their families, the most of any calendar year. CHC continues to care for more patients than any other hospice in Indiana. By annualized numbers of patients served, CHC continues to rank in the top 5% of all hospice programs in the United States.

The high numbers of patients choosing CHC also means more survivors taking part in our many grief counseling and bereavement services. Because these services are open and available to anyone in the community, we now estimate on any given day more than 2,600 people participate in CHC bereavement services through individual counseling, our many support groups, telephone support, specialty programming and mailings.

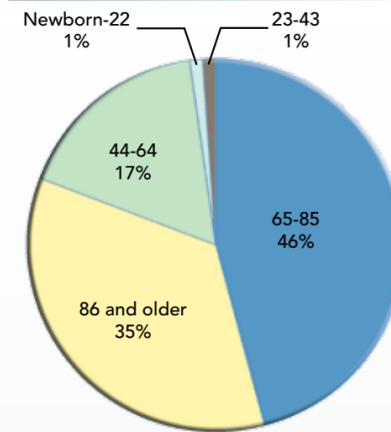

CHC is also extremely proud of our own employee giving funds, We Believe and the Uganda Impact Fund. In 2011, these two funds continued to support patients and families in need of assistance beyond medical needs and to further the palliative care initiative in Uganda.

None of the accomplishments of 2011 would have been possible without the

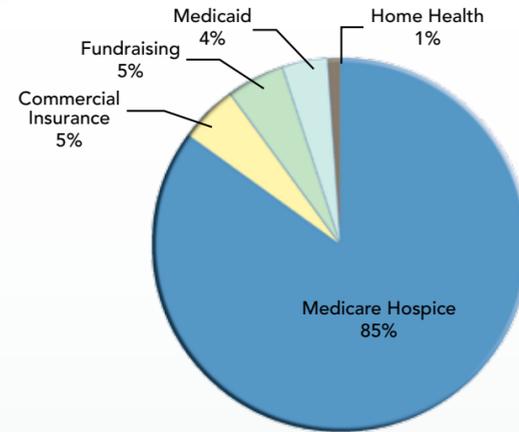

dedication of our hundreds of CHC volunteers and our thousands of generous donors. We are honored to be working with you and we sincerely appreciate your involvement and support.

If you would like to view the entire 2011 Annual Report, it is available online at www.centerforhospice.org under the News and Events tab.

A Passionate Vision for Palliative Care in Uganda

Country Director Rose Kiwanuka Visits the US to Share Her Story

Her schedule packed as tight as the holding patterns at O'Hare on a stormy day, Rose Kiwanuka came to the US to share her vision for palliative care in Uganda, a country in which the average life expectancy is 52 years, the median age is 15 and where thousands of patients face life-ending diseases with little or no access to health care or even pain medication.

Even with these grim facts laying the groundwork for her talks, those who heard

her speak left with the sense that there is hope for these patients, that as people and organizations, we can make a difference in the lives of those patients.

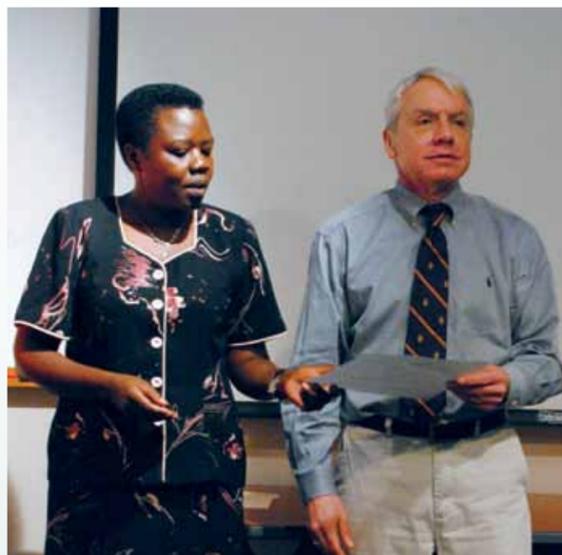

Following screenings of the award-winning short documentary *Okuyamba* (Lugandan for "to help"), Rose participated in question and answer sessions with viewers about the film, about palliative care in Uganda and what is being done to help.

Following a screening of *Okuyamba* at the University of Notre Dame, Rose takes time for a photo with those that have helped build the partnership between CHC, Notre Dame and PCAU. Back row: Mike Wargo, COO of Hospice Foundation; Hanna O'Brien, a student at Notre Dame and intern with PCAU; Roberta Spencer, a former CHC employee and current volunteer; Ben and Mary Ann Wilson, Notre Dame students who also interned in Uganda. Front Row: Rose Kiwanuka, Karen Smith-Taljaard, a social worker with CHC; Tara Taljaard, Karen's daughter.

Rose speaks at the Hospice Foundation Gala held in National Harbor, Maryland

Rose and Mark Murray, CHC president and CEO, recognize CHC and Hospice Foundation employees who participate in the Uganda Impact Fund.

As Good As Gold Pet Therapy Volunteers Bring A Tender Touch

Perfect gentlemen, with an emphasis on gentle, Duke and Gunner are well acquainted with nursing/hospital visiting etiquette... no loud voices (no speaking at all, actually), no sudden movements, no jostling. Certified by Therapy Dogs International (TDI), these Golden Retrievers and their handler Valorie Eads visit a number of Northern Indiana facilities to "provide a few minutes of comfort, smiles, a different focus" for Center for Hospice Care patients (as well as other patients), according to Eads.

Eads – who currently serves as Volunteer Recruitment Coordinator for CHC – first became involved as a CHC volunteer herself more than five years ago when she and Duke were recruited to serve as pet therapy volunteers. Eads' father had been a CHC

patient at Hubbard Hill in Elkhart and as a puppy Duke had been a frequent visitor, showing an affinity for the work. Eads describes finding her passion in working with the elderly and how first Duke (who is five) and later Gunner (who's three), showed a remarkable aptitude for their jobs as well. "It's also a way to give back," she noted referring to the assistance she and her family received when her father was a patient.

In addition to a love for their jobs, Duke and Gunner have enviable training resumes for their positions. They have gone through obedience training, the AKC's Canine Good Citizen Program and been certified by TDI following a rigorous 15-exercise test to make sure they are a good fit for therapy work.

The benefits to patients go beyond a warm, fuzzy touch. "I could share hundreds of stories about the difference pet therapy makes in patients' lives," Eads noted. "In general, it takes them away from the present – it relaxes them and calms them. It's enjoyable. It lowers blood pressure... and as long as they," she said, pointing to Duke and Gunner sitting quietly beside her, "enjoy what they're doing, we'll keep doing it."

ON THE HORIZON

FUTURE EVENTS AND HOSPICE HAPPENINGS

Inaugural World Hospice Day Celebration

Silent Auction and *Okuyamba* Screening to Benefit PCAU

The need for compassionate, skilled palliative/hospice care for those facing life-limiting illness doesn't stop at country borders, oceans or mountain ranges. The Worldwide Palliative Care Alliance, a network of national and regional hospice and palliative care organizations, is once again encouraging people around the world to join in their shared vision of universal access to quality palliative care.

In honor of World Hospice Day – and to support the efforts of the Palliative Care Association of Uganda – the Hospice Foundation is kicking off its first World Hospice Day Celebration on

October 11, 2012. The event will be held at the Center for History/Studebaker Museum in South Bend, beginning at 5:30 p.m., and will feature a delicious sampling of foods, beers and wines from around the world.

Also on the evening's agenda will be a screening of the award-winning short documentary, *Okuyamba*. A silent auction will be held throughout the evening and proceeds will support the work of the Palliative Care Association of Uganda (www.pcauganda.org).

Tickets for the evening will be \$75/person, which includes food and beverages as well as the screening of *Okuyamba*. To learn more about the event, visit www.foundationforhospice.org or contact Lisa Kelly at kellyl@centerforhospice.org or call 574.243.3119.

Okuyamba FEST

10/11/12: A MISSION. A MOVIE. A WAY TO HELP.

Okuyamba

Pain knows no boundaries – and neither should caring. In 2009, Rose Kiwanuka, country director of the Palliative Care Association of Uganda (PCAU), first traveled from Uganda to the US to share her mission to ease the pain and suffering of AIDS and cancer patients dying deep in the rural villages of her country. To share her story and support her work, the Hospice Foundation produced the documentary *Okuyamba*, the Lugandan word meaning “to help.”

Help. Celebrate!

Join us as we kick-off our inaugural World Hospice Day celebration on October 11th at the Center for History/Studebaker Museum in South Bend. Festivities, which include a delicious international sampling of foods, beers and wines, a silent auction and a screening of *Okuyamba*, begin at 5:30 pm.

Tickets are available through the Hospice Foundation for \$75/person, which includes food, beverages and the screening. Seating is limited, get your tickets before they're gone!

www.foundationforhospice.org • 574-243-3119 • KellyL@centerforhospice.org

All proceeds will benefit FHSSA (Foundation for Hospices in Sub-Saharan Africa) and PCAU.

FUTURE EVENTS AND HOSPICE HAPPENINGS

Celebration of Life

Join the 27th Annual Walk for Hospice

Some walk in memory of a loved one who has recently passed away... some walk in honor of a family member or friend... some walk in support of Center for Hospice Care's mission to provide compassionate, skilled care to anyone in need of hospice care, regardless of their ability to pay. Whatever their motivation, for 26 years thousands of supporters have raised funds by joining Walk for Hospice.

This year's event will take place on Sunday, September 30th at Newton Park in Lakeville. Anyone raising \$35 or more will receive a free t-shirt. Check-in/registration will begin at 11:30 a.m.,

with a Memorial Celebration at 12:30. The walk takes place from 1:00 p.m. to 3:30 p.m.

With a one-mile scenic route around and through Newton Park, participants can choose their own distance to walk.

Sponsorship opportunities are available at a variety of levels. To learn more about the walk, sponsorships, or to register, visit www.walkmichianaforhospice.org or visit our Facebook page, Walk Michiana for Hospice. You may also call or email Lisa Kelly at 574.243.3119 or kellyl@centerforhospice.org.

Progress and Hope Build the Foundation of CHC's New Riverfront Home

Construction to Begin This Summer

In the architect's renderings, it looks as if it could have grown organically from the river banks – two buildings made of stone, wood and glass connected by a central entry structure. Together, they rise from the green space located along the northern banks of the St. Joseph River, nestled between Cedar Street on the east and Mishawaka's picturesque Central Park on the west.

"When I first saw the site, I was immediately drawn to the extraordinary beauty of the St. Joseph River waterfront," says Jeff Helman, president of HELMAN SECHRIST Architecture, a firm that specializes in designing high-end waterfront homes. "To be privileged to have a natural amenity such as the river as our primary view contributed to the transparency of the building, allowing us to incorporate views from all spaces, and to include features such as exterior balconies and plazas. The classic, contemporary style of the building is intended to blend with the drama of the river, the adjacent neighborhood, and the park environment to form a place that is both progressive and hopeful for the future, as well as peaceful and serene at the same time."

The western building, which will be located immediately adjacent to

Central Park, will become the new home to Center for Hospice Care's Life Transition Center (LTC), its art counseling program and bereavement counseling staff. The current LTC has been located in leased office space in Mishawaka's Cambridge Center Office Park since 2005. The first floor of the new building also includes a large conference area that can seat up to 165 people or be divided into three smaller, private rooms accommodating any one of a number of different uses, ranging from staff or board meetings to group counseling sessions and community education seminars. The Hospice Foundation offices will be located on the second floor of the building.

An open staircase to the second floor walkway connects this building, the main entry area and the eastern building which will house the administrative, information technology, human resources,

accounting, billing, marketing and community relations departments. The first floor of that structure will also include an employee fitness center and an open plan café-style gathering space, great for informal staff interactions, lunch breaks and special events.

CHC's growth has been steady for the past 10 years, as staff size has doubled in response to an increasing demand for compassionate, skilled hospice care. As a result, additional office space has been required to keep up with the growth. "We've been adding a few thousand additional square feet of office space every few years to the point that we are now leasing as much space in St. Joseph County as we own," said Karl Holderman, chief financial officer. "If you do the math, it doesn't take one long to conclude that owning makes a lot more sense for us than continuing to add more leased facilities."

In addition to the new construction, renovations will take place in two additional campus structures. A residential home will be remodeled for use as a guest house and the former Edgewater Florist will be transformed into a new Palliative Care Center. The structures, located immediately across the street from one another at the corner of Cedar and Madison Streets, were acquired last summer as part of what has become a nearly five-acre campus development.

Plans for the overall campus master plan, which include the future addition of a medical office building and new hospice house as growth and funds permit, are being closely coordinated with officials at the City of Mishawaka as they develop plans for improvements to the surrounding areas. The public side of the planned development features enhancements to Central Park, which include construction of a new access road, additional parking and new playground equipment, as well as an extension of the city's scenic Riverwalk.

With an eye toward construction completion and occupancy of initial facilities in June 2013, site work is scheduled to commence in August, with a ceremonial groundbreaking event to take place this fall.

HEART OF HOSPICE

HOSPICE INVESTMENT AND DONATION INFORMATION

Donor Profile: Robert and Clara Milton Charitable Trust Foundation

He was a well-known, highly respected South Bend druggist. She was lauded for her community involvement and philanthropic nature. Robert and Clara Milton had a vision of providing a safe, secure home for elderly citizens in the mid-1920s, well before the era of full-care nursing care facilities.

During their lives, the couple made provisions for their assets to be used to make this a reality after their deaths. In 1931, Robert Milton passed away, leaving \$100,000 for construction of the home. Clara Milton died in 1942, at the advent of World War II. The war put a stop to any hope of building “an old people’s home,” as it was referred to in Mrs. Milton’s obituary, so the Milton funds were invested by the National Bank to await construction.

Following the war, the Milton Home was built; the first resident came to live there in 1951. The home operated under a life care concept. Under this plan, residents, who were between the ages of 65 and 85 when they entered

the home, assigned their assets to the Milton Home Corporation. In return, the Milton Home made sure all their housing, medical, nutritional and financial needs were fulfilled.

The Milton Home Corporation was dissolved in 2002, following the passing of the last Milton Home lady who had entered the home under the life care plan. At this point, the board was left to decide how best to use the remaining funds to carry on the Milton’s vision. Half the assets were put with the Saint Joseph County Community Foundation to fund senior housing initiatives.

Of the remaining assets, \$1 million was given to Center for Hospice Care as part of the capital campaign for the Sunnybrook Court facility, which houses the seven-bed South Bend Hospice House as well as clinical staff office for residential home and facility-based care. During its 32-year history, Center for Hospice Care has provided compassionate, skilled care to anyone

in needs of its services, regardless of their ability to pay. Typically, more than 80% of the patients served in any given year are 65 years of age or older. In 2011, the average age of a CHC patient at the time of admission was 78. CHC goes to whatever place its patients call home – nursing homes, group homes, assisted living centers and other facilities, although the majority of patient care takes place in their home. These demographics are well aligned with the Milton’s vision of almost a century ago.

According to Bob Cleppe, who has had extensive involvement with the Milton Home Corporation, CHC and the National Bank (now Wells Fargo), the lesson the Miltons leave is not only one of caring for the elderly but that with careful planning, anyone can leave a lasting legacy of good. “They had the foresight to do something significant for the community. The philanthropy they had in their hearts made a difference in the lives of many, many people.”

Community Corner

The Hospice Foundation is grateful for the generosity of the many groups that support its mission through their independent fundraising efforts, grantsmanship and donations. Although we cannot recognize every effort, we are pleased to take this opportunity to recognize the following and thank all of those in the community who support our agency.

IMECO Federal Credit Union raised and donated \$115 at its Annual Dinner.

Trinity Information Services staff at **Trinity Health** paid to wear jeans to work for a “Jeans Dollar” event that raised \$544.

Delta Theta Tau Sorority donated \$100 in support of our mission.

Elk River Upcycle donated \$144.73 which represents 10% of the proceeds obtained from the recycling and sale of items taken from houses/buildings that were torn down to make way for the new Mishawaka Campus.

The Unitarian Universalist Fellowship of Elkhart shared \$56.55 with CHC, which was half of the cash offering from a Sunday morning service.

World Library Publications and **Steven Warner** donated \$88.56 to CHC from royalties associated with their recording “The Seven Signs.”

Yoder, Ainlay, Ulmer & Buckingham LLP employees in conjunction with **Goshen’s First Friday’s** events gave employees an opportunity to wear jeans to work in which \$25 was raised and donated to CHC.

Kappa Kappa Kappa, Inc (Beta Delta Chapter) contributed \$300 to Center for Hospice Care in support of our mission.

The Center for Hospice Care received \$100 from Culver’s **Kappa Kappa Kappa, Inc. (Epsilon Nu Chapter)**.

Radiology Inc. employees paid to wear blue jeans to work on Fridays and donated \$200 to be used for Dave Labrum’s *After Images Art Counseling Program*.

Handmade crocheted items from **Terri Stahl** resulted in \$10 for the Palliative Care Association of Uganda Fund.

Due to Internal Revenue Service tax regulations, we may only issue written acknowledgement for donations made payable to and/or processed directly by Center for Hospice Care or The Hospice Foundation. Donations made and/or processed via a third party may not be eligible for a charitable tax donation. If you have any questions regarding charitable contributions, contact Mike Wargo, Chief Operating Officer, at 574.243.2059 or wargom@centerforhospice.org. For specific tax advice, you should visit the IRS website at www.irs.gov or contact your tax advisor.

Sod Busters

On Sunday May 27, Sod Busters of South Bend hosted its Annual Memorial Day Weekend Mud Bog. Since 2005, Sod Busters have generously donated a portion of the proceeds from this event to Center for Hospice Care. Since that time, the Mud Bog has generated nearly \$46,000 in contributions to CHC.

The Mud Bog consisted of nine vehicle classes, and awards were given in each class. The event raised \$6,000 which will help Center for Hospice Care continue to keep its promise that no person in need of hospice care will ever be turned away, regardless of their ability to pay.

From left are: Terri Lawton, John Nowacki and Lisa Kelly.

Bob Evans and Jeff Stankovich

Red Knights Motorcycle Club

The Red Knights Motorcycle Club (RKMC), Indiana Chapter 8, hosted their third annual The Trail of Dragoon on Saturday, June 9th. The Run For Compassion ride raised money for Center for Hospice Care (CHC). The event began at the newly renovated Club Landing in Mishawaka, where a reception with live entertainment was held after the ride. About 100 riders took part in this year’s event.

The RKMC is an international group made up of firefighters, active or retired, volunteer or industrial. The members of Indiana Chapter 8 choose CHC to benefit from their ride because of the impact the organization has had on the many of their members. Last year’s ride raised \$800 for CHC. This year’s check will be presented at RKMC’s fall meeting. Each year, RKMC dedicates the ride to a different member’s loved one. This year’s ride was in memory of Bernice Woodruff.

Bill Stankovich Memorial Bass Tournament

The inaugural Bill Stankovich Memorial Bass Tournament was held on May 12, 2012. The tournament, arranged by Bill’s son Jeff Stankovich, and life-long friend Bob Evans, attracted 14 teams of anglers. The tournament was hosted at Maggie’s Landing on the St. Joe River.

Revenue raised by the tournament went to Elkhart’s Hospice House, where Bill spent his last days as he

battled cancer to the end. The event raised \$2,504 for the CHC Elkhart Campus.

A life-long fisherman, Bill’s two concerns when meeting a new fisherman were if they were saved by the Lord and if they were having fun.

Jeff and Bob hope that next year’s tournament will draw even more teams and are proud to put the event on for CHC.

Angels in Red

Angels in Red, an official local chapter of the Red Hat Society, raised \$1,000 for Center for Hospice Care with a benefit luncheon on April 15, 2012. Attendees included Red Hat Society members from Indiana, Illinois, Michigan and Pennsylvania – with one guest who came from Australia. The group enjoyed great food, dancing, raffles and prizes. The luncheon, held at Christo’s Banquet Center, was filled with members of the Red Hat Society,

dedicated to women over the age of 50 who still enjoy living life to the fullest. The theme for 2012 was the Wizard of OZ. For those who may be interested in becoming a member, please visit the web site at www.redhatsociety.com. The money raised covered the cost of sending five local children to Camp Evergreen, held annually by the Center for Hospice Care at no cost to the family.

To further our mission to improve the quality of living for those we serve regardless of one's ability to pay, The Hospice Foundation implemented a donor giving program: Circle of Caring. Membership in the Circle of Caring entitles donors to benefits based on the level of the donor's cumulative annual support. CHC and The Hospice Foundation express their appreciation and honor our members in the following societies:

Recognition in this issue covers gifts received from January 1, 2011 to May 31, 2012.

In Memory

The following gifts were made to the Hospice Foundation between 12/1/2011 and 5/31/2012. We are very grateful for these gifts as they enable us to fulfill our mission to improve the quality of living.

Every effort has been made to ensure the accuracy of this listing. If you wish to report an error or omission, please call our Development Office at 800.413.9083. Any corrections will be in the next issue of CROSSROADS.

*As a Friend of Hospice,
your generosity means so much
to us... and those for whom we care.*

As a Friend of Hospice you help us continue to keep our solemn vow never to turn anyone away because they're unable to pay for much-needed hospice care.

Every dollar you donate allows us to fulfill our promise to help everyone and anyone in need. Support from Friends of Hospice lets us provide medications, grief counseling, training for volunteers, in-home care, and so much more.

Every gift matters, regardless of size. We are very grateful for your generosity, support and kindness.
